

PRES. KRUEGER HAS LEFT PRETORIA

Said to be in Consultation With Pres. Steyn Some Place.

MAY SUE FOR PEACE

The Conference Believed to be Preliminary to Opening of Negotiations.

Public Opinion in the Transvaal Since the Recent Disasters Said to be in Favor of Submission to England—Rudyard Kipling Was Not Concerned in the Riots at Cape Town—England Planning to Absorb Entire Transvaal Territory After the War.

London, March 3.—[Special Cablegram]—The Times in its second edition prints a dispatch from Lourenco Marques which says that President Kruger has left Pretoria to confer with President Steyn at some place unknown. The dispatch adds that people conversant with Boer public opinion predict that this conference is preliminary to the opening of negotiations for peace.

Kipling Was Not in It
Cape Town, March 3.—[Special Cablegram]—The African News accuses Rudyard Kipling of leading the mob which invaded the Parliament house yesterday. It is stated, however, that Kipling was only a spectator of the riotous proceedings and left the moment he was recognized.

The invasion of parliament house was a part of an anti-Dutch demonstration which has been going on since the news of the relief of Ladysmith was received. Yesterday the mob stoned the offices of the pro-Dutch newspapers and also broke into the government house and hoisted the union jack over the building as a protest against the Schreiner ministry.

TO ABSORB THE BOER REPUBLIC

Plans for South Africa Being Formed by the British.
London, March 3.—An important movement has been initiated among the ministerial members of the house of commons with the object of impressing upon the government the imperative necessity of making such arrangements for political affairs in south Africa after the war as will harmonize with the views of the nation on the subject.

Two documents containing the views of the members as to the course that should be pursued, are being signed. One originated with H. C. Kimber, the member from Wandsworth, while the second is a round robin extensively signed. It will, when completed, be presented to the chief whip, Sir William Wallford. It expresses the opinion that there can be no lasting settlement of the south African question which does not provide for the complete disarmament of the two states and for their incorporation in the empire under the sovereignty of the queen.

These two papers pretty clearly indicate which way the wind blows, as they show that England is bound to want a return for the trouble and expense of the war, and that nothing short of complete absorption will satisfy it. What the continental powers will say to the proposed wiping out of the Boer republics remains to be seen. Russia and France no doubt will object, as well as Holland, but it is not expected that the emperor of Germany will take any active hand, at least not the initiative, though he is likely to fall into line of all the other powers for the movement.

MAFeking IS PROBABLY FREE

Report From Brussels That the Siege Has Been Raised

London, March 3.—A Boer report is published from Brussels that the siege of Mafeking has been raised. The news is unconfirmed, but is probably true.

Gen. Buller, in a dispatch from Ladysmith last evening, makes it clear that the Boers decided to raise the siege of the town immediately they learned Gen. Cronje was at the mercy of Gen. Roberts at Paardeberg. The British advance in Natal then was only opposed in order to allow time for the big guns and ammunition stores to be safely removed north and west.

That the Boers were not completely successful in carrying out this plan was owing to the fact that they were more or less demoralized by Gen. Buller's victorious attack on Tuesday. After the battle orders were evidently given for a hasty retreat to the passes, with the result that large quantities of ammunition and two guns were left behind. Virtually speaking, Natal is now clear of the republican forces.

COMING OUT OF LONG TRANCE

San Francisco Girl Speaks For the First Time in Two Years.

San Francisco, Cal., March 3.—Elida Wilbur, a young society girl, is coming back from the dead. Over two years ago she was found in a trance and had remained unconscious ever since until a day or two ago, when she smiled and said: "Nobody loves me now." These words she has repeated several times since, but she still is unable to move or to understand when spoken to.

On Feb. 16, 1898 James Dumphy, a wealthy young man, the affianced of Miss Wilbur, called on her. Their marriage had been postponed so that he might obtain a dispensation from Rome as he had been divorced. There was a trifling quarrel, and the following morning the girl was found apparently asphyxiated. Doctors have since been unable to arouse her.

REPUBLICANS OPEN NATIONAL CAMPAIGN

Hanna Establishes Headquarters in Washington Which Will Later Be Moved to Chicago.

Washington, March 2.—The republican national campaign for 1900 has already begun. Senator Hanna, as chairman of the National committee, has received \$25,000 of the \$100,000 that was pledged by the citizens of Philadelphia to secure the national convention, and this money has been at once placed at the disposal of Secretary Dick, who will have charge of the preliminary work of organization. It is expected the additional \$75,000 will be received shortly.

Extra rooms on the second and third floors of the corner of Fourteenth and G streets have been secured, and within a short time large forces of clerk have been engaged in the work of getting out campaign literature and organizing the various elements throughout the country for the active campaign work which will begin immediately after the national convention.

The headquarters here, of course, are only temporary. Just as soon as the real campaign opens they will be moved to Chicago, and it is probable a branch will be established in New York City, as was done in the late presidential campaign.

Democrats Plan Campaign

That the Democrats propose to make the Porto Rican muddle the basis of their political campaign was made certain today when Senator Jones of Arkansas, chairman of the Democratic National committee said: "The Democrats accept the issue tendered by the Republicans. Porto Rico has been annexed to the United States. It is an integral part of the country. The flag proclaims our sovereignty there, and the constitution follows the flag."

"The Republican proposition that we can enact discriminating legislation against the Porto Ricans and Porto Rican products is monstrous. We will fight it in the Senate to the limit of our strength. And we will fight it before the people from now until the ballots are cast in November."

BULL PEN HORRORS IN STATE OF IDAHO

Coeur d'Alene Mining Riots Investigation Resumed at Washington Today.

Washington, March 3.—[Special Telegram]—The Coeur d'Alene investigation was resumed today. One witness testified that permits to work in the mines were sold. Another testified that he was arrested without a warrant and placed in the bull pen, although he could have given a hundred thousand dollars bail.

He said the court was conducted by the mine officials. The prisoners were not allowed to have witnesses or attorneys. A great majority of them were recommitment to the box cars and bull pen. Capt. Ewatts of the regular army ordered the troops to shoot any prisoners who fell out of line and called the prisoners cubs and cowards.

One sick prisoner was too weak to stand and when he sat down the soldiers leveled rifles at him, whereupon he arose again.

The prosecution claims to have established the fact that the military through their commanders are responsible for what has been done in Idaho under martial law.

A REPORT ON THE FINANCIAL BILL

Conference Committee Will Make Its Statement Monday—Vote On Quay Next Week.

Washington, March 3.—[Special Telegram]—The Porto Rican bill will be unfinished business in the senate next week. But there is an understanding it will be displaced Monday and Tuesday by the conference report on the financial bill. The vote on the latter will be taken Tuesday afternoon. An effort will be made during the week to force a vote on the Quay case. Most of the time in the house next week will be devoted to contested election cases.

FEAR AN UPRISING ON ISLAND OF CUBA

It is Hinted That This Fact is The Cause of Root's Journey.

CUBANS ARE RESTLESS

Independence Faction May Take Up Arms Against the United States.

Feeling Against Annexation Seems to be Growing—Dislike of Sbarretti is on the Wane in Havana—Appoints a Native Priest His Secretary—Fall in the Price of Sugar Has Made Money a Drug in the Havana Market—Discuss Secretary Root's Visit.

Washington, March 3.—[Special Telegram]—The trip Secretary of War Root is now making to Cuba is causing considerable conjecture here. Probable uprisings against American authority is hinted at as being the cause of the journey.

It is feared, from recent actions and expressions that a dominant faction in Cuba may declare for independence and resort to arms against the United States. The feeling against annexation seems to be growing.

Sbarretti Growing in Popularity

Havana, March 3.—Mgr. Sbarretti, the newly appointed bishop of Havana, has selected a Cuban priest as his secretary. Already the opposition to the new bishop seems to be evaporating. The impression is growing that Mgr. Sbarretti is working for the best interests of the church in Cuba, and it is doubtful if any more protests will be made against him.

The recent fall in the price of sugar has made money a drug in the Havana market. All the banks have an overplus of cash. One concern has in its vaults \$3,000,000 which it expected to use in moving the sugar crop. Planters are now holding off for higher prices and the crop is not being moved. Exchange on New York has consequently gone up.

Discuss Coming of Secretary Root

The newspapers freely discuss the coming visit of Secretary of War Root. The Patria says it does not know why he is coming, and adds that President McKinley could get all needed information from Governor General Wood, in whom the Cubans have perfect confidence. The Discussion says the people will drag out of Mr. Root when the joint resolution of congress is to be fulfilled. It evades the question the American people should make it disagreeable for the administration. The Lucha thinks the event is important. It urges Mr. Root to ignore the office-holders in his consultations and to confer only with the mercantile class, planters, and Cubans who are a real source of strength.

FALLING OFF IN THE METHODIST CHURCH

Membership in That Denomination Decreasing—Bishops Call For Prayers of Members.

Minneapolis, Minn., March 3.—The membership of the Methodist church is less than it was two years ago and this fact has greatly exercised the bishops of the denomination. How to revive interest in the church is a question which the representative clergymen have given earnest consideration. To bring the matter directly before the people a committee composed of Bishops C. H. Fowler, W. X. Ninds and J. W. Joyce acting on behalf of the body of bishops has issued an address to the church. The conditions are carefully outlined and a week of prayer arranged. This began March 2 and daily services are to be held in all Methodist churches in this country.

The address says in part: "Today our Methodistism confronts a serious situation. Our statistics for the last year show a decrease in the number of our members. We are surrounded by powerful enemies. The attack is on every side. It is high time for every Methodist to take himself or herself to prayer and to call mightily on God for help."

Concerning the above Rev. W. A. Hall of the Court Street M. E. church says: "According to the New York Independent's statistical table of the churches, and the returns, Methodism made a gain last year, but the percentage of gain was less than on previous years. Methodism in this country, according to this table now numbers 5,809,516."

Two Big Steamers Ashore

POLITICIANS ARE MUCH SURPRISED

President McKinley's Quick Action to Aid the Porto Rico People.

PROVIDES RELIEF FUND

Timely Message Sent to Congress Yesterday Receives Immediate Attention.

Bill Passed to Place in President's Hands All Tariff Revenue of the Island—Surprised the Democrats and Made Them Angry—It Was Water on Their Powder—Debate Indicates That the Day's Events Framed the Issue of the Campaign.

McKinley's Message

To the Senate and House of Representatives.—Since the evacuation of Porto Rico by the Spanish forces on the 1st day of October, 1898, the United States has collected on products coming from that island to the ports of the United States the duties fixed by the Dingley act, amounting to \$2,065,355.88, and will continue to collect under said law until congress shall otherwise direct. Although I had the power, and, having in mind the best interests of the people of the island, used it to modify duties on goods and products entering into Porto Rico, I did not have the power to remit or modify duties on Porto Rican products coming into the ports of the United States. In view of the pressing necessity for immediate revenue in Porto Rico for conducting the government there and for the extension of public education, and in view also of the provisional legislation just inaugurated by the house of representatives, and for the purpose of making the principle embodied in that legislation applicable to the immediate past as well as to the immediate future, I recommended that the above sum be collected, and the same hereafter collected under existing law, shall without waiting for the enactment of the general legislation now pending be appropriated for the use and benefit of the island.

Executive Mansion, March 2, 1900.

WILLIAM MCKINLEY.

Washington, March 3.—President McKinley yesterday made one of those quick and unexpected moves for which he is noted. It was a special message to congress recommending that more than \$2,000,000 now in the treasury, collected on imports from Porto Rico, as well as moneys from the same source to be collected in future, be appropriated "for the use and benefit of the island."

Democrats Were Surprised

To say that the Democrats were surprised when this message plumped in upon them is putting it mildly. They were astonished, astounded, angered. The best they could do in the public proceedings of the house was to advise the Republican leaders to pass it immediately, "before they changed their minds," and then to quibble about the constitutionality or legality of appropriating money which was not yet in the treasury and about the danger of placing such a large sum in the control of one man.

They met with another surprise, for Chairman Cannon of the appropriation committee was prepared with his little bill, which he introduced on the spot, and the democrats had to face the music. After a brief discussion the bill was passed by a vote of 162 to 107, no republicans voting against it, and it is believed the senate will concur today.

Republicans Are Enthusiastic

The republicans of the house were quite enthusiastic over the president's message today. They believe, with the president that the country has misunderstood the Porto Rico policy of their party and unjustly condemned it. They add that this recommendation of the president is in line with an indorsement of the bill which the house passed day before yesterday, simply making the principle of that measure retroactive and turning over to Porto Rico all the money which the United States has ever collected or may collect during the next two years on imports from the island. They say history may be searched in vain for another such example of generosity on the part of a parent country towards a colony.

The Democrats, on the other hand, savagely criticize the President for what they call this playing of politics in the name of generosity and with public funds. Their favorite theory is that the Porto Rico bill passed by the house is unpopular among the American people and that the president is thus using the money of the government to mollify public opinion and help the Republican party out of a predicament. Thus we see that it all depends upon the point of view.

A Perplexing Question

Under these circumstances the rank and file of the Republicans feel the last possible excuse for a tariff against the island has been swept away by the passage of the direct appropriation bill, and they are wondering how to meet the people if the tariff should be fastened on the people of Porto Rico and at the

same time money enough is appropriated to take care of them for a year or so.

MANY ATTENDED LAND SALE

Fully Two Hundred Farmers Were On Hand This Afternoon.

Two hundred interested farmers assembled in front of the postoffice this afternoon at 2 o'clock to attend an auction sale. Ex-Sheriff J. L. Bear acted as auctioneer as agent of the Sarah Baer estate. Seven acres of land in the town of Janesville was sold to Mrs. Charles Abbot of the town of Janesville. The price paid was \$1,255.

There is on the land a house, barn, hay barn, tobacco shed, hay barracks and other out buildings, and said land is peculiarly adapted to the raising of tobacco. It is situated about one-half mile east of Barker's Corners, and just north of the Rock County Insane asylum.

SERIOUS ASPECT OF THE CHICAGO STRIKE

NEARLY FORTY THOUSAND MEN ARE NOW OUT OF WORK.

General Machinists' Call Men Engaged in Work For Firms of That City the Country Over to Quit—Strike Will Extend All Over the United States.

Chicago, March 3.—[Special Telegram]—Encouraged by milder weather the contractors council today decided to make a determined effort to resume building operations Monday with non-union men. The contractors expect that this will cause deeds of violence.

Men on Strike in Chicago

Machinists	7,000
Building trades	30,000
Plate glass workers	500
In other lines	2,000

Total number called out 39,500

Chicago, March 2.—Labor trouble in Chicago assumed a most serious aspect yesterday, when a general strike order was issued by the International Association of Machinists calling out 7,000 men to join the 32,500 now idle in the building industry and other trades. By the machinists' strike every one of the 210 machinery manufacturing plants of the city is either seriously embarrassed in its work or completely tied up.

Every Shop is Watched

Several hundred nonunion men refused to go out, but every shop is watched by union pickets and efforts will be made to dissuade the men from continuing at work.

To enforce the Chicago tie up and prevent the manufacturers from having any work completed in other cities, the shop committees in every plant in the country have been notified by President O'Connell to be on the lookout for Chicago orders and report at once. At any plant where Chicago work is found the men will be called out at once.

As to National Movement

Further than this, no national move is expected to be made for two or three weeks. The men were all called out at Columbus, Ohio, yesterday and all shops tied up, but this action was local, the manufacturers refusing to sign the new agreements. National Organizer Stuart Reid is in Milwaukee investigating the situation, but no date has been announced for striking the town.

DAIRYMEN'S WAR ON OLEOMARGARINE

One of the Bitterest Fights in This Congress Will Be Opened Next Week.

Washington, March 3.—One of the bitterest fights waged before this congress will be fought between the dairymen and the manufacturers of oleomargarine. It will begin Wednesday, when the house committee on agriculture will commence hearing on the Grout bill, which imposes a tax of three cents a pound on oleomargarine which has not been colored and ten cents upon that article which has been colored in imitation of butter. It also places the transportation and sale of oleomargarine under the jurisdiction of the state, and if the bill is adopted, it will be impossible to sell goods of this kind in many of the states.

Ex-Governor Hoard of Wisconsin, will be the first speaker for the dairy interests, and he will be followed by a big delegation from the Dairymen's National association and others who have the interests of the farmers at heart. These hearings will last a month.

LINE FROM CHICAGO TO ST. PAUL DIRECT

Articles Filed at Madison Incorporating Janesville & Southwestern.

IS NOT A PAPER ROAD

Officers of the Chicago, Milwaukee & St. Paul Railway in the Directory.

The Proposed New Road is Intended For a Direct Line Between Chicago and the Northwest—Directors Say it Will be Built This Year—Line Runs From Libertyville, Fox Lake, Just South of Genoa Junction, Walworth, Darien, Emerald Grove to Janesville.

Milwaukee, Wis., March 3.—Articles of incorporation have been filed with the secretary of state at Madison by the Janesville and Southwestern Railway company. The plan of the company is to construct a line from Janesville, thirty-five miles southeast, to a point in the town of Bloomfield; Walworth county, connecting with the road of the Cook, Lake, and McHenry Counties Railway company.

These are understood to be really connecting links in the Chicago, Milwaukee & St. Paul's company's new double track system from Chicago to St. Paul, and the incorporators and directors of the new road are all connected with the Milwaukee road, the directors being: Peter M. Myers, Charles H. Van Alstine and Elzie W. Adams of Milwaukee, and Henry R. Williams, B. G. Lennox, Fred T. Ranney, and Burton Hanson of Chicago. The capital stock is \$2,000,000, of which the directors subscribe one share of \$100 each.

Peter M. Meyers of this city, who is secretary of the Chicago, Milwaukee & St. Paul railroad, and also one of the incorporators of the Janesville and Southwestern, says that the new railroad is not a paper affair, but that it will be built this year, and that the line which has been constructed north from Libertyville, Ill., will also be completed to the southern terminus of the Janesville road, making a new through route from Chicago to Janesville, and a part of a new through system to St. Paul.

The Milwaukee road has officially announced several times that this short cut between Chicago and St. Paul and the northwest would be built.

The new line as planned will leave the main line of the road at Roundout, Lake county, Ill., and thence to Libertyville. This part of the road is now constructed. From Libertyville the line will run to Fox Lake; thence just south of Genoa Junction to Walworth, Darien, Emerald Grove to Janesville.

This line has been surveyed approximately as stated, and will be built during the coming season.

The problem not yet decided by the surveyors and officials is the entrance for depot accommodations in Janesville. Whether to enter the city on the north or south is the question which will no doubt be decided very soon.

The completion of this road will give Janesville another direct and through line to Chicago and the northwest. It will mean no doubt, the building of extensive new station and freight buildings, and it is possible, owing to the Milwaukee road's varied interests here, that this city will be made division headquarters, with machine and repair shops and extensive round house buildings.

A. A. Jackson, local legal representative of the Chicago, Milwaukee & St. Paul railroad, stated this morning that he had known about the work in hand but that he knows nothing about the details any more than the present newspaper reports.

Chicago, Ill., March 3.—The Federal Grand jury has returned indictments against John Johnson, William Howe and Thomas L. Farrell on the charge of robbing the postoffice at De Kalb, Ill. These men escaped from the authorities at Janesville, Wednesday, where they had been under arrest.

These men, said to be responsible for the robberies of several postoffice and banks, are now at large. Bench warrants were issued for their arrest by Judge Kohlman.

ALONZO E. JAYCOX
DIES AT HOSPITAL

DEMISE OF WELL KNOWN FORT
ATKINSON MAN.

His Death Was the Result of a Cancer of the Bowels—Took Place Last Evening—Leaves Wife and Three Children—Other Deaths—Funeral of E. Boyd Nott Tomorrow.

Alonzo E. Jaycox, a well known resident of Fort Atkinson, died in this city last evening at 5:55 o'clock at the Palmer Memorial hospital.

Cause of his demise was cancer of the bowels. Besides a wife he leaves three daughters. Mr. Jaycox has been ill since January 6. Finding but little relief at home he was brought to this city last Monday and taken from the train to the Palmer hospital. Mr. Jaycox was a mason by trade and was a man held in high esteem in his home city. (Second Lesson.)
How "Orangeine" Became Public. Early in 1895 Mr. William Gillette, the distinguished author-actor, in his necessitated search for health, came within the reach of Dr. Aikman's care. Mr. Gillette experienced such relief and cure from Dr. Aikman's prescription that for years he has carried "Orangeine" on his travels for the benefit of his company and friends. He became finally so impressed by its remedial results that in October, 1898, he related his experiences to an old school friend, Mr. Charles L. Bartlett, of Chicago. Mr. Bartlett submitted the formula to his trusted family physician, Dr. C. F. Ely, who pronounced it "wonderfully useful, through its far-reaching efficacy and absolute harmlessness." Other prominent physicians gave the same verdict, and early in January, 1899, "Orangeine" was publicly launched under the full sail of its manifold claims, which originated from the oft-repeated experience of Dr. Aikman. (See Lesson No. 5.)

FRENCH DRESSING.—One tablespoonful of vinegar, three tablespoonfuls of olive oil, half teaspoonful of salt, quarter teaspoonful of black pepper. Put salt and pepper in a bowl, add gradually the oil, rub and mix with the finger; stir continually for one moment, and it is ready for use. There are those who like the flavor of onion in salad, but a better flavor is a dash of garlic. It can be best obtained by breaking a head of garlic into the French dressing or placing in a piece of wet bread; put the bread in the salad.

TRIPE.—After it has been thoroughly well cleaned it is boiled and skinned, salt, pepper, onions, cloves and bay leaves are added, and it is cooked slowly 12 hours, or it is left over the fire all night and taken out as mild as the following. It is drained, cut in small cubes and served hot with a sauce rousse or a light brown sauce or with a sauce blanche made of fresh butter, flour, salt, pepper, soup stock and chopped green herbs.

"I can truthfully say, Dr. Pierce's medicines did me more good than all I had ever taken before."

These are the words of Mr. O. S. Copenhaver, of Mount Union, Huntingdon Co., Pa. He says further:

"About twelve years ago I was suddenly taken with a pain in the pit of the stomach which was so violent I could not walk straight. I consulted a physician and he told me I had a form of dyspepsia, and treated me six months with but little benefit. I then tried another physician and he told me my liver was out of order, and that I had indigestion, but he didn't cure me. I then tried another one who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year. I then took several widely advertised patent medicines, but received no more than temporary relief. I then used Doctor Pierce's medicines, using his 'Golden Medical Discovery' and the 'Pleasant Pellets,' and in six months' time I was feeling better than I had for years before."

The "Golden Medical Discovery" is the most effective blood purifier and germicide that modern medical science has produced. It at once neutralizes the poisonous, fermented matter in the stomach, liver and bowels, and as soon as this is removed by the action of the "Pellets" it soothes the inflamed membranes of these organs, putting them into healthy condition to absorb the nutritive elements of the food. It aids and stimulates the action of the digestive fluids of the body and is absorbed into the blood along with the food. It enriches the blood, filling it with vitalizing, strength-giving properties. It produces sound, healthy flesh—muscle you can work with. It is a safe medicine. It contains no whisky, alcohol, sugar or syrup. It does not create a craving for liquor.

Charley Silvernail of Montevideo, Minn., is here visiting old friends. Franklin Gould fell on a slippery sidewalk Monday and has not been able to be out much since. Mrs. McComb enjoyed a visit with a sister and a friend from Milton Thursday. Messrs. Elphick and Hornbeck have decided not to move to Clark county until fall. Carlson and family left Monday for Portland, Oregon, their new home. N. Boyd and sister now occupy their recent purchase, the Regan property. There was a great deal of jumbling in the Lima news in last Wednesday's paper. The chicken pie social at J. Boyd's on Friday evening was a success, fifteen dollars being added to the Sunday school treasury. The Literary society's program for Saturday evening will be constituted mainly of a mock trial of a breach of promise case. Prominent young people will take part. An interesting time is expected. A great deal of dissatisfaction is expressed in regard to work sent here from Mr. Enace's railway photograph.

The first honors were carried off by Thomas Cox and Mrs. Bert Gower. Mrs. McGlaughlin, received a bag of candy. All report a good time.

WINE OF CARDUI

A SURE MEDICINE.

HANDSON, VA., Dec. 31.
I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Back-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

McLEES' Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

R & G

When an R & G Corset is made, it is stretched over a steam-heated, iron form with a pressure of 600 pounds, that takes out every atom of "give" in the goods. The iron form is modeled after a perfect human figure and each style of R & G Corsets has its special form.

R & G Corsets are the only corsets that are made in this way—the only corsets that will not stretch—the only ones that do not have to be broken in.

Every R & G Corset is guaranteed to fit and wear satisfactorily.

The picture shows the style of our popular Number 397 which sells at \$1. It has absolutely all the perfection of shape, fit and wear that any corset can have, no matter what the price. No corset of any other make is as good at any price.

THIS DAY IN HISTORY.

1756—William Goethe, English novelist, born; died 1830.

1793—William Charles Macready, tragedian, born in London; died 1873. Macready was one of the principals in an affair that came near being an international episode. After winning high laurels as Virginia, Richard III and other noted characters of the greatest dramatists, he appeared in the leading cities of the United States. That was in 1818 and 1819. During his stay in this country he became involved in a dispute with America's favorite tragedian, Edwin Forrest. The bitterness spread among friends and admirers of both actors. It culminated in a riot in Astor place, May, 1819. Partisans of Forrest warned Macready not to appear in New York. Under the promise of protection by his admirers he opened a farewell engagement. The theater was mobbed and 22 persons were killed or injured.

1847—Claude Perrin Victor, duke of Belluno, created marshal of France by Napoleon on the field of Friedland, died; born 1791.

1861—Emancipation of Russian serfs by imperial decree of Czar Alexander II.

1896—Dr. W. P. Palmer, antiquarian and writer, died in Richmond.

1897—Nelson Wheatcraft, well known actor and dramatic teacher, died in New York city.

1899—Rear Admiral George Dewey became full admiral by the operation of the law revising that rank.

CAUCUS LAW RULING

Some inaccuracies have been found in the new caucus law, and Secretary of State Froelich has been appealed to as to the meaning of certain chapters. For instance, section 9 of chapter 341, which relates to the canvass and return of votes in caucuses, states that "the person receiving a majority of votes shall be legally elected as such delegate to represent such caucus district. It provides further that 'in case of nomination of candidates for office the name of the candidate receiving a majority of all the votes shall be declared the nominee of the caucus.'"

The attorney general holds that the law does not intend to require a "majority" vote, however, his opinion being as follows:

"We may agree with you that very likely confusion may arise from the use of the word 'majority' in this section, and that it is very probable that no candidates for delegates will receive a majority of all votes cast, and especially in case there are several candidates to be elected from the same precinct. It is evident that this section is very carelessly drawn and that under a strict construction, in many cases there would be a failure to elect from a precinct by reason of some or all of them not having a majority vote. In view of this fact and that the purpose of the statute should not be defeated, we think it if the names of the delegates receiving the highest number of votes, although such may not be a majority of all the votes cast, are certified with the vote of the several candidates to the county committee, and such delegates having the highest number of votes are seated in the convention, no objection could be made."

The Superior Evening Telegram says, in speaking of the governorship, "it is not a man, that is wanted, but the man." This makes it exceedingly embarrassing for a lot of us who think such honors should come unasked.

And perhaps it might be said that the taking of Peiter's hill was somewhat in the nature of "robbing Peiter to pay Paul"—unless they call they call it "Peiter," and Paul doesn't care.

Constant Reader—We had not heard that Billy Mason had gone into a trance. Doubtless you will find that he is just coming into possession of his second wind.

A La Crosse barrel factory burned the other day. The loss was total as the flames had gotten under such headway that the firemen could not save them off.

We feel disposed to doubt the correctness of the accounts which say that General Buller said "the country between me and Ladysmith, etc."

The fighting in the Transvaal will soon be a thing of the past. The British force will crush the Boers, as the burghers are outnumbered three to one.

The rumor that someone has started an endless chain to provide a home for ex-Corsul Macrum also appears to lack confirmation.

The editor of the state factory inspectors in regard to the "help" in bowling alleys will not interfere with the setting up of pins for the April election.—Milwaukee Wisconsin.

Nor stop political bowling, either.

Thank heaven for one thing—the Janesville policemen are as hard to equal as they are hard to find.

The Milwaukee Evening Wisconsin refuses to Spaniardize it, but says "Porto Rico."

March came in like a lamb but it will go out like a British lion in the act of scaling a kopje.

It is also Puerto Rico so far as the esteemed Milwaukee Journal is concerned.

Marcus A. Hanna, who is credited with more or less political sagacity, we believe, declares that the retirement of

Henry C. Payne, as a national committeeman "would be a calamity to the republican party." Mr. Hanna certainly knows whereof he speaks.

Kansas City people do not feel as good as the people of Ladysmith, anyway.

A warrantless war is much the same it appears, as an injunctionless injunction.

Why don't they make a complete job of it, and spell it Puertue Rique?

Perhaps, however, Senator Hanna doesn't know anything about it, either.

It is stated that the Paunung will will not be rebuilt.

Bad acran to it anyway! Gue tue!!

PRAYS FOR PEACE IN THE TRANSVAAL

Pope Leo, 90 Years Old, Receives Congratulations Over Long and Useful Life.

Rome, March 3.—The Sacred College presented to Pope Leo yesterday its congratulations upon the attainment of his ninetieth birthday. Cardinal Oreglia, the "dean of the Sacred College," read a long speech, to which the pontiff formally replies tomorrow during the ceremony in the Sistine Chapel.

During the birthday reception the pontiff declared that he will dedicate the remaining "days of his life to serving the church. He assured his hearers that the holy year will bring good results. He stated that the profane manifestations and sacrilegious scenes happening upon Roman soil are not Roman.

The pope concluded with an inspired Christian invocation on behalf of peace. He said:

"Let us all join in a prayer; let us all concordantly supplicate our Lord's mercy that the bloody duel now being fought for several months on African soil be ended. Let us pray that the Lord will prevent further conflict."

A Peculiar Accident.

One of the most peculiar accidents ever heard of happened to a colored man near Red Deer, Va., a few days ago. Ed Jones took his gun and set out for a day of sport. He was not looking for large game, but he had not been in the woods long before he saw an immense deer coming at a tremendous rate of speed immediately toward him. He at once fell upon his knees, preparatory to a shot, and when the deer was within twenty feet of him fired and missed his aim. The deer had acquired such tremendous momentum that it could not check itself, and with the next leap landed upon the hunter. It knocked him down and bruised him badly upon the breast with one hind foot, the other going into the negro's mouth, knocking out a number of his teeth, tearing a part of his gums away, and passing down his throat. The whole thing was over in an instant, but when the darky came to the deer was gone.

A PRETTY COUNTESS.

She Is From Paris and Is Visiting the United States.

Among the interesting foreigners visiting this country just now are the Count and Countess Aubaret of

Paris. They have not come on a campaign of social conquest. Indeed, they have been keeping their identity a secret as much as possible, for the count is here on a serious mission. He is preparing for a business career by making a careful inspection of the great mechanical industries of this country.

The countess is very handsome. She speaks English, German and Italian as well as French and is accomplished in many ways. While the count inquires and observes the details and workings of big machines in smoky, greasy shops the pretty, petite countess keeps by his side, making notes of the surroundings, which she will find use for some day, for she is apt at writing stories of her journeyings.

Count Aubaret until two years ago was a lieutenant in the French navy.

It was then that he wedded the countess, now just 19 years old, whose maiden name was Siril, daughter of one of the wealthiest capitalists of France and president of the Thomson-Houston company at Paris. He is the son of the late Count Aubaret, who represented France in the international commission which took charge of the Ottoman public debt and who died six years ago. During his lifetime Count Aubaret's father was a personal friend of Pope Pius IX, who, when he died, left with the present pope information of the services rendered the Catholic church in Turkey, and Leo XIII before Aubaret's death bestowed upon him the title of count.

Meaning of "Khaki."

The other day a correspondent stated with great confidence that "khaki" is the name of a cotton material which "may be any hue from white to Oxford blue."

Today a colonel and a colonel of repute, too, writes to say that the word comes from the Persian for "dust" and means "dust-color," London Leader.

Kidney Troubles of Women

A Few Letters to Mrs. Pinkham from Women She has Helped

From Mrs. Bertha Oter, Second and Clayton Sts., Chester, Pa.

"DEAR MRS. PINKHAM:—I have taken five bottles of Lydia E. Pinkham's Vegetable Compound and cannot praise it enough. I had headache, leucorrhoea, falling of the womb and kidney trouble. I also had a pain when standing or walking, and sometimes there seemed to be balls of fire in front of me so that I could not see for about twenty minutes. Felt tired in the morning when I got up. Had fainting spells, was down-hearted and would cry. I am very thankful to you for what your Vegetable Compound has done for me."

From Mrs. Caroline Samuel, 14 Hammond St., Roxbury, Mass.

"DEAR MRS. PINKHAM:—I write you a few lines to let you know how much good your Vegetable Compound has done me. It should be in every household. I suffered for years with very severe sick-headaches and kidney troubles of long standing. Your medicine is my friend of friends. It is worth a dollar a drop."

From Mrs. Mary A. Hiple, North Manchester, Ind.

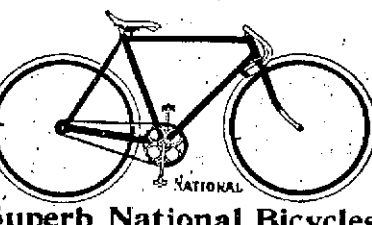

"DEAR MRS. PINKHAM:—I cannot find language to express the terrible suffering I have had to endure. I had female trouble, also liver, stomach, kidney and bladder trouble. Was obliged to pass urine every few minutes, and it would scald me so that I could scarcely sit, stand, or lie down. I tried several doctors, and also several patent medicines, and had despaired of ever getting well. At last I concluded to try Lydia E. Pinkham's Vegetable Compound, and now, thanks to your medicine, I am a well woman. I cannot praise your medicine too highly, for I know it will do all and even more than it is recommended to do."

General Weakness of System

"DEAR MRS. PINKHAM:—I have you to thank for my health and strength. I have taken your medicine for two years. Before I began its use I was so weak that after I had worked an hour in the morning I was obliged to lie down. I had fearful headaches, could not sleep, had palpitation of the heart, was always tired and suffered in many other ways. Now I am perfectly well and much stronger than I was ten years ago. I am fifty-three years old, and the mother of ten children. I never feel tired since taking your Vegetable Compound."—MRS. IMFIELD, 509 Jefferson Place, Union Hill, N. J.

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by "openings" in the country.

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at \$6.71

They are for sale at my office. I should be glad to furnish printed matter and other information to all interested.

FREDRICKSON IS NEARLY ASPHYXIATED

LANDLORD FRED JONES MAKES
A TIMELY DISCOVERY.

Unfortunate Man Had Either Blown
Out the Gas or Accidentally Turned
It On After Turning It Out—Purely
Accidental—Dr. W. H. Judd Worked
For One Hour to Keep Life in Body.

When Chris Fredrickson went to bed
at 1:40 o'clock this morning at the Hotel
London, corner Milwaukee and Bluff
streets, he either blew out the gas on re-
tiring or accidentally turned it on after
turning out the light.

He was all but dead when Landlord
Fred R. Jones made the discovery this
morning. For one hour Dr. W. H. Judd
worked hard to keep life in Fredrickson's
body.

At 1:30 o'clock this morning Fred-
rickson entered the hotel and to night
clerk Ernest Thorne inquired if he
could secure a room for the night. On
being informed that he could be accom-
modated Fredrickson said: "Do you
blow out the gas when you go to bed?"
Clerk Thorne then gave Fredrickson
instructions as to what to do with the
gas and so that he would not make a
mistake he went to Fredrickson's room
with him and demonstrated several
times how to light and turn off the gas.
Fredrickson said that he would have no
trouble in turning out the gas. Clerk
Thorne then went on duty.

At 8:15 o'clock this morning Land-
lord Jones smelled escaping gas on the
second floor. Fredrickson's room was
on the third floor and to this room
Landlord Jones had no trouble in tracing
the escaping gas. The door was un-
locked. When opened out rushed
enough gas to kill a dozen persons.
Fredrickson was on the bed with his
mouth open. He was all but dead. The
gas jet was found half turned on. The
windows were then thrown open. Then
Fredrickson was carried to an adjoining
room and Dr. W. H. Judd sum-
moned. For one hour Dr. Judd worked
over the apparently lifeless form. Fred-
rickson began to improve but was un-
able to talk. Indications are that he
blew out the gas on retiring in spite of
instructions received.

Fredrickson is about twenty-five
years of age and although he registered
"city" he is a stranger here. He was
not intoxicated when he retired. He
placed his pocket book beneath his
picture. It contained a picture of a
girl and \$4 in silver.

At 2 o'clock this afternoon Mr. Fred-
rickson was able to converse with those
about him. He stated that he resided
on a farm between Hanover and Afton
and that he went by the nick name of
"Fitzsimmons." He acknowledged to
the attending physician that he blew
out the gas on retiring.

EASTERN STAR MAY SOON ERECT HOME

LOCAL MEMBERS INTERESTED
IN MOVEMENT.

Want All Throughout the State to Assist
in the Plan—Many Members Reside
in Janesville—Masonic Lodges May
Lend a Helping Hand to the
Plan.

Janesville members of the order of
the Eastern Star are much interested in
the movement that has been started
looking towards the erection of a home
for needy members of the order. Mem-
bers of the order not having the work
in charge are considering ways of rais-
ing the necessary money but have come
to no definite conclusions.

Much of the success of the project
will depend upon the assistance that the
various Masonic lodges may be willing
to give and the first step will be to
sound them as to the position and their
attitude towards the idea.

The decision to build a home, as has
been published, came as an impulse dur-
ing the sessions of the grand lodge in
Milwaukee last week. The subject has
been formally discussed on previous
occasions, but it was brought to a focus
when the death of an aged member who
for some years past has been kept at St.
John's home through the charity of the
order, was announced.

A member, Mrs. Martha Yerkes of
Milton Junction, immediately proposed
that a home be erected and gave \$5
towards it on the spot. Within a few
moments \$170 was collected and a com-
mittee was appointed to raise further
funds and take charge of the work.

This committee will at once lay the
matter not only before the Eastern Star
lodges of the state, which have a total
membership of about 7,500, but also be-
fore the Masons and it is possible, indeed
probable, that when the home is built it
will be for Masons, Eastern Star mem-
bers or their children instead of being
kept exclusively for women.

TWO LAWYERS USED FORCE

Blatant Encounter That Took Place Near
the Postoffice.

Janesville is bound to keep in the
front ranks when it comes to furnishing
genuine excitement. At 8 o'clock this
morning two prominent young men
studying law here—good boys too—got
into a heated discussion on whether
General Cronje was a Frenchman or a
German. The talk soon brought on
blows, and for ten minutes the air was
filled with clinched fists. Friends put a
stop to the melee. The affair has been
reported to Chief Hogan.

BRIEF BITS OF COUNTY NEWS

SOUTH CLINTON.

South Clinton, March 3.—Clarence
Smith has been suffering with a lame
back. W. Christian was one of the
judges on the G. M. C. A. debate at
Clinton. George Dresser attended the
Mid-winter fair at Janesville. Joseph
Dresser celebrated Washington's birth-
day by attending the fair at Janesville.

diers who entertained the people with
stories of the war at the Y. M. C. A. hall
in Clinton last Friday evening. Mr. and
Mrs. Irvin Bates have a young son,

Janesville.

SOUTH TURTLE

South Turtle, March 3.—Will Ham-
ilton's people have been having some
company of late. The sound of the
wood chopper is music to the ear when
the thermometer gets below zero. Mrs.
Blazer drove to Clinton last week for
the first time since the holidays. The
Sunday school in the Murray district is
ably superintended by M. E. Dresser.
Robert Murray of Tomah, Wis., has
been visiting here. A large number of
interesting meetings have been held in
the Murray school house conducted by
helpers from Beloit and Clinton.

Mr. and Mrs. O. P. Brunson were
called to Beloit today by the death of a
grandchild.

CUT FLOWERS ARE ADVANCING

Bulbs and Palms Are Also Included—
Supply Growing Short.

A traveling representative of a firm of
florists informed a reporter that there
had been a general advance in the prices
of flowers of every nature, particularly
in bulbs, palms and cut flowers. He
said that bulbs and palms were imported
stock, and great quantities of them have
been exported before they really ought
to have been. The result was that the
supply grew short and that which re-
mains commands a high price. In re-
spect to cut flowers he said the price at
present was unusually high and the de-
mand great. Florists were paid, the
prices they asked, and those who have
occasion to use flowers are compelled to
pay high prices.

SHE HUNTS BIG GAME.

An American Mil-

Dislikes Society.

Mrs. Char-
lotte D. M.
Cardeza is an
American mil-
lionsaire who
dislikes soci-
ety. She prefers
yachting or
hunting big game to the delights of
social conquest. She is the widow of
J. Martinez Cardeza, a wealthy Span-
iard, but she was born in Philadelphia
of English parents. Her father was a
lineal descendant of Sir Francis Drake.

Mrs. Cardeza has a beautiful home
near Germantown, Pa., which is
known as Montebello. She also has a
cottage at Newport, an estate in the
West Indies and keeps a suit of rooms
the year round in New York's most
fashionable hotel, but she spends most
of her time on her yacht, the Eleanor,
or in her various hunting camps.

She owns a hunting box at Mount
Kluco, in Maine. There she goes deer
hunting every fall, except when she is
penetrating the virgin forests of New-
foundland, where the caribou grows.

when a well-known hop-grower, Mr.
Jesse Kemp, and his wife, who pre-
deceased him a short time, were in-

most singular coincidence is that the
father and mother of Mr. Kemp also
died within a short time of each other,
and were buried in one grave, and the
parents of Mrs. Kemp also died within
an hour of each other and were inter-
red in one grave.

Beloit, Wis., March 3.—[Special]—
Fire broke out in the house of H.
Brandt, Church street, near the No. 2
fire station last night at about 8:30. It
started in the attic, in some unknown
way, and the damage will amount to
about \$500. The loss would have been
much more were it not for the fire de-
partment being so near.

Members of the Beloit College Track
team are included in the list of entries
for the Central association A. A. U.
championship meet which takes place in
Milwaukee tonight. The meet will be a
great affair, as all the western univer-

Whitney, Simmons; running high jump,
Lloyd; one mile run, Loyntzen; sixteen
pound shot, Merrill; seventy-five yard

Madison, Wis., March 3.—R. T.
Shroeder of Salt Lake City, who was
prosecuting attorney in the case of Con-
gressman Roberts, delivered an address

Wisconsin in Library hall last night.

Mr. Shroeder made the statement that
the Mormon church today secretly con-
trols the politics of the states of Utah,
Idaho and Montana and will soon get
control in other states.

A Mormon missionary was at the
time sitting on the stage while the Utah
lawyer denounced the features of the
belief, but the meeting broke up before
he had a chance to speak in defense.

Health in Every Drop!**Now is the time for your Spring Remedy,****DR. GREENE'S NERVURA****Blood and Nerve Remedy.****The Best Spring Tonic and Restorative Known to Solence—A Boon to the World.**

Everybody needs a spring medicine—to renew the strength, vigor, snap, and energy of the nerves—to purify and enrich the blood—to make you strong and well.

Dr. Greene's Nervura blood and nerve remedy is the one remedy to take—the greatest and best spring medicine the world has ever known.

It is absolutely harmless and every ingredient is a natural food and medicine for the nerves and blood.

Now—in the unhealthy and treacherous spring months—you need Dr. Greene's Nervura most. It has been the world's standard spring medicine for years—the one remedy on which the people can always depend.

It conquers all nervous weakness and exhaustion, spring debility, run-down blood, sleeplessness, dyspepsia, kidney and liver complaints, weakness, and all diseases which accompany debilitated blood and weakened nerve force.

Mrs. E. J. CHENEY, 1 Spring St., Woodford's, Me., says: "Last spring my husband and myself were not feeling well, and I was suffering from a nervous difficulty. I did not sleep well nights, and having had sickness in the family, I had become exhausted. We heard Dr. Greene's Nervura blood and nerve remedy highly recommended by others. My husband and myself used eight bottles and we derived great benefit from its use. I can now sleep well and am better since its use. We think highly of Nervura."

Dr. Greene, 35 West 14th St., New York City, is the most successful specialist in curing nervous and chronic diseases. He has remedies for all forms of disease, and offers to give free consultation and advice, personally or by letter. You can tell or write your troubles to Dr. Greene, for all communications are confidential, and letters are answered in plain, sealed envelopes.

STRIKERS IN A RIOT AT AUBURN, IND.**Men Locked Out Make a Fierce Onslaught on Those in Their Places.**

Auburn, Ind., March 3.—Forty workmen employed in the hoop department of the Decatur Egg-Case company made a formal demand upon the president of the company Friday that their wages be raised, or a strike would follow. President J. W. Vail had been forewarned of their intention and had fifty men in readiness to take the places of the strikers. Refusing to comply with their demands, they walked out, and the new men entered at another door. The machinery did not stop. A wild rush was made through the building by the engaged strikers, armed with stones, clubs and knives, the new men scattering in all directions, except Orin Ant and his father, who remained at their posts and were beaten into insensibility. Young Ant's injuries were more severe than his father's and he may die. The strikers say they will not return to work without an increase in wages and will not allow others to fill their places. The management contends that the wages are proper and will substitute other men.

To Pay Employees Weekly.

Indianapolis, Ind., March 3.—There are indications that the Republic Steel and Iron company will abandon the fight which it has inaugurated against the trust to pay its employees weekly. The plant at Alexandria, which with others of the trust, had shut down rather than comply with the weekly-wage law, will resume operations Monday and pay the employees weekly. As an evidence that the threat to shut down all the plants was a bluff, it is also announced that the plants at Muncie will resume next week. Many men had accepted the shut-down in earnest, and as the officials said the men would remain idle until the state gave in, many have left for other sections of the country in search of employment. These will be recalled if possible. There are evidences that the trust intends to center all of its big steel mills at Muncie, as eleven acres of ground have just been purchased there.

Mining Scale Is Settled.

Springfield, Ill., March 3.—An agreement has been reached in the conference of miners and operators, which had been in session here for two weeks, and the mining scale for Illinois is settled for one year at a joint meeting of the miners and operators in Representative's hall at the state house Friday the report of the committee was read and it was adopted without a dissenting vote. The miners throughout the state will receive an increase of 9 cents per ton in all districts, except the thin vein in northern Illinois, the Peoria and Fulton county districts, and the Saline county districts. In the thin vein the increase is 13 cents; in the Peoria and Fulton districts, 11 cents, and 12 cents in the Saline county districts. The machine differential is 7 cents. The operators demanded a differential of 10 cents in the machine-mining districts.

Dynamite Used by Strikers.

Whiteside, Tenn., March 3.—A locomotive was blown to pieces with dynamite Friday at the mines of the Acma Coal company near this place. Miners have been on strike for about three weeks, and it is believed that they destroyed the engine, which belongs to the coal company. Pieces of the locomotive were blown 500 yards. Many windows were broken, and at one place a piece of the engine weighing about 100 pounds crashed through the roof of a miner's cabin, but no one was injured.

Mother Carries a Dead Babe.

Chicago, March 3.—With her 5-year-old child dead in her arms, another sick in a rude crib, a third lying weak from sickness on a table, and four more, all under 12 years of age, around her, Mrs. Mary Der watched through Thursday night, and when morning came Friday she was hardly able to walk to a neighbor's house and ask that the coroner be summoned. The seven children and their mother have been destitute two months, when the father of the family deserted them. Since that time the mother has done all she could for her children, but she had no money to buy medicines or more than the coarsest food, and she was not surprised when her 5-year-old child died yesterday. She says she wonders why others have not died before this.

Both Men May Die.

Greensburg, Ind., March 3.—A fight to the death was fought with revolvers between James Powers and W. A. Fuller at Brewersville Friday. Powers is a teacher in the public schools, and yesterday he whipped Fuller's child. This angered the father, and he expressed an intention of settling with the teacher. When the men met on the street both drew revolvers and began shooting at close range. Nine shots were fired, two taking effect in Powers, who is thought to be dying. Fuller was hit three times, and is in an alarming condition. Many bystanders narrowly escaped the bullets.

LYNCHING NARROWLY AVERTED**Six Negroes Charged with Murder Are Taken to Another Jail.**

Birmingham, Ala., March 3.—Six negroes charged with murder were brought to the Jefferson county jail here from Talladega to save them from lynchers. They were Elbert Curry, Sam Gray, William Hardnutt and Wade Hardnutt, who were arrested yesterday on Curry's confession for the murder of Pink Dobbin, an old farmer, who was butchered to death on the outskirts of Talladega the night before for his money, and Nathan Ragland and George Calhoun, who had been in jail several months, charged with other murders. Shortly before midnight the sheriff learned that a big mob had been formed, and was moving on the jail for the purpose of lynching every murderer in it, six in number. He accordingly organized a force of deputies, took the murderers out the back way, chartered a special train, and hurried away with them for Birmingham. Learning of this action, the mob members of which reached the jail just as the special train left the depot, discharged their guns and dispersed.

HAYES BLOCK.

2nd Annual Anniversary Shoe Sale, SATURDAY, MARCH 3.

Two years ago we started in the Shoe business in Janesville—successful years in every way. We heartily thank the public for their past liberal patronage and hope to merit the same for years to come. To show our appreciation for the past we have decided to make NEXT SATURDAY our big ANNUAL ANNIVERSARY sale and shall endeavor to make it a day of SHOE-BUYING never to be forgotten.
